Diet as Therapy

It's true, eating the right foods has the power to reverse many chronic conditions like heart disease, diabetes, arthritis, auto-immune disease, immune system challenges and dementia.

Energy Medicines

The minimum dose of an affordable, non-toxic, homeopathic constitutional will reset the magnetic field around the body to help speed the healing along.

Many difficult conventionally and naturopathically treated conditions can still be turned around with homeopathics.

After 31 years I have retired from prescriptive practice. I have let go of my license to practice medicine or naturopathic medicine in the State of Washington and I am not licensed to prescribe prescription drugs in the State of Washington or plan to do so anywhere else. I have learned how to help people with significant health challenges in a more effective, sustainable and inexpensive way without the need for drugs for most issues. Read on and then call me at no charge to discuss whether this diet and lifestyle change is of interest to you. 360-457-1515

Testimonials

Rick has been wonderful in helping our family deal with many different health issues over the years. We trust Rick and know he will treat our family with the highest level of care.

Linda- Port Angeles, WA

My pain, my energy, and my weight have really improved since I've been working with Rick. He has a soft way of listening and then coaching me to make some baby steps that have really turned my whole life around.

Mary Sequim, WA

I've had heart flutters, back pain, knee pain and skin rashes for the last 5 years. After just 2 weeks eating, exercising and sleeping right my flutters, joint pain and rashes have decreased dramatically.
