WORLD WIDE DREAMBUILDERS™

A DIVISION OF WORLD WIDE GROUP L.L.C.

Ron & Georgia Lee Puryear Triple Diamonds

We are honored to be included in an Achieve™ Magazine that features Howie and Theresa Danzik. One of the many joys in our lives is seeing the dream fulfilled in those that have joined us in the pursuit of a dream. Georgia Lee and I have said for years that we believe the biggest business is yet to be built. Today, as we move into the 21st century with Quixtar, we have more products and

services to offer than we ever thought imaginable, and yet they forge ahead with ideas that will only further enhance the value of the business. Today, as World Wide DreamBuilders enters its 23rd year, we have proven methods that assist in all aspects of the business. World Wide Group is constantly refining their support, ensuring that all Independent Business Owners associated with World Wide DreamBuilders, in North America and around the world, have every resource available. Today, Howie and Theresa not only celebrate their well-earned Executive Diamond business, they also provide an example of the quality of the leadership for tomorrow.

We are now more convinced than ever that the largest business is yet to be built. Everything is in place, including a second generation of leadership. Will it be Howie and Theresa or one of the other Diamonds in World Wide? Perhaps. They are all huge dreamers. We believe it could just as easily be someone who possesses a dream and reads this Achieve™ Magazine for the first time, perhaps listens to a motivating tape, attends a function, and begins to build their dream, by showing the plan and sharing their dream with others. Georgia Lee and I hope to meet this couple at the River Rendezvous in September and hear about their dreams and goals. Then one day when they are standing on a Free Enterprise stage as new Diamonds, they can tell others about the way the dream was rekindled, how this business, World Wide DreamBuilders, and their upline helped build the dream, and how new dreams are sparked in others. This is our dream. This is our prayer. We know you can make it your reality.

Love ya,

Ron and Georgia Lee

World Wide Group Provide

Like so many great things in the world, World Wide Group began with a dream. As Emeralds in 1977, Ron and Georgia Lee Puryear saw an increasing need for Independent Business Owner (IBO) support. They decided to create a support organization that would help meet that need by organizing IBO seminars and rallies. Ron and Georgia Lee hired just one employee and called their new company "World Wide DreamBuilders" in tribute to the IBOs who do just that build dreams night after night.

From those humble beginnings, the support organization expanded to keep pace with the Puryear's growing business. Currently, all of the IBO support services have been consolidated into what is known today as World Wide Group. Despite the phenomenal growth, World Wide Group has remained debt-free, by reinvesting the majority of the profits it produces into the company so that it remains financially self-sustaining and fiscally ready to take on new ways of serving the IBO.

In 1995, Ron and Georgia Lee conveyed ownership of the support operations to every qualified Diamond affiliated with the World Wide DreamBuilders organization and it became World Wide Group, LLC. This was the culmination of the Puryear's vision for the company; that it would be owned and directed by a group of leaders representing the same IBO's it serves.

The leadership identifies the needs and concerns of its affiliated IBOs across the country and throughout the world. The administrative staff of World Wide Group then directs the company's day-to-day operations to respond to those needs and concerns. The ownership of World Wide Group remains open to all future World Wide DreamBuilders affiliated Diamonds who meet the necessary qualifications.

At World Wide Group, we are admittedly proud of this dynamic, "IBO driven" approach to management and growth; which demonstrates our commitment to being both responsive and responsible.

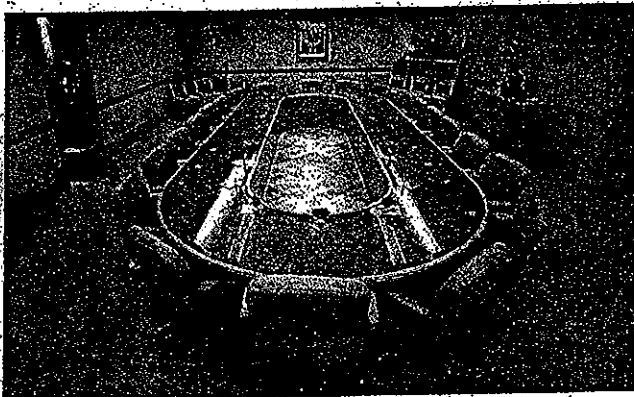

The Future

World Wide Group's purpose is to help manage the details for the Independent Business Owner so they can concentrate on

building a successful business. While our focus is on the day-to-day operations, which enables us to achieve this goal, we go forward with our eyes trained on the horizon; looking for new opportunities a new ways to provide IBO support.

That was the Puryear's vision in 1977 and it continues as our vision today. It is something we feel very strongly about. At World Wide Group, we are here to help Independent Business Owners realize their dreams as they build a successful business.

World Wide Group offers a wide variety of services to each IBO that has chosen to be affiliated with the organization. These services cover a broad range of applications for each level of achievement in the business.

Why Renew?

We invited you to share your reasons for renewing your business. Here are just a few of your responses.

"Quixtar is there now, and second place isn't even on the horizon."

I renewed my status as an IBO affiliated with Quixtar today. Why? Because I am committed!

Recent technology shifts over the past few years (the fax machine, the car and the cell phone, to name a few), have made me believe that the de facto way to do business in the next few years. Quixtar is there now, and second place isn't even on the horizon.

Gene Watson
California

I believe this is the best business opportunity in the world, and I want to continue ahead in the next year!

Mercedes Lebron
Puerto Rico

"...there's never been a better time to be in the business."

Why are we renewing?

Because there's never

been a better time to be in the business. Our family built the business while the numbers weren't going through the roof, and have been rewarded for our efforts. Why would we continue to build it when the growth potential is better than it's ever been before?

Todd & Lesley Boone
Texas

We are renewing for a number of reasons. One is that we would like to help our families in ways we can't afford to now.

Bradley & Bobbie Coy
Illinois

"...the only way to fail is to quit."

We are renewing in the business for several reasons, one of which is

knowing that the only way to fail is to quit -- and we are committed to doing that!

John & Mary Ann Schmitt
Illinois

We have been blessed tremendously as a result of being involved in this business. We choose no other avenue but to continue building it ... that's why we're renewing!

Jason & Shawna Chan
British Columbia

I'm renewing because I can't back down from a challenge I think I'm up to. Here's to building a better tomorrow.

Gregg Soppet
California
