Why Drip?

The majority of us are in a constant state of toxicity, malnutrition and dehydration — and we don’t even know it. We’re exposed to environmental toxins on a daily basis. Diet heavy in nutrient-sparse foods rob us of vital vitamins, and damaged digestive systems prevent us from properly absorbing the nutrients we do eat. Busy lifestyles, stress and illness further deplete our supply, setting us up for chronic conditions and disease. And we never truly drink enough fluids, which is why dehydration is the #1 cause of aging and fatigue and a leading cause of disease.

Even the healthiest bodies are only able to absorb about 50% of the vitamins and hydration taken orally through food, drink and supplements. But IV drips bypass the gut, delivering essential nutrients and fluids directly into the bloodstream for quick and easy 100% absorption at high doses that would never be tolerated orally. This allows us to detoxify, nourish and rehydrate our cells from the inside out for dramatic, long-lasting and often instant results.

Benefits

- 100% absorption
- High doses not tolerated orally
- Safe & painless
- Fast, lasting results
- No side effects or down time
- No preservatives or additives
- Safe for all ages
- Most take only 30-45 min
- Medically-supervised facility
- Allowed by all major athletic associations

Conditions Treated

- Adrenal fatigue
- Cancer
- Asthma
- Colds & flu
- Celiac disease
- Glutam sensory
- Chronic fatigue syndrome
- Chronic pain
- Congestive heart failure
- Dehydration
- Depression & anxiety
- Diabetes
- Effects of Aging
- Infertility & pregnancy
- Fibromyalgia
- Gastrointestinal conditions
- General wellness
- Hangovers
- Heavy metal toxicity
- High blood pressure
- Immune health
- Aids in Weight Loss
- Injuries
- Low energy
- Poor memory
- Migraine & tension headaches
- Neurodegenerative disorders
- Nutrient deficiencies
- Post surgical healing
- Preventative care
- Skin conditions
- Stress
- Revitalize hair & nails

RECHARGE. REPAIR.
